- | | | |
|------------------------------------|----------------------------------|-----------------------------------|
| <input type="checkbox"/> March | <input type="checkbox"/> April | <input type="checkbox"/> May |
| <input type="checkbox"/> June | <input type="checkbox"/> July | <input type="checkbox"/> August |
| <input type="checkbox"/> September | <input type="checkbox"/> October | <input type="checkbox"/> November |

The above applicant requests that the Authority supply water to the above premises for which the applicant agrees to pay \$155.29 per month or any portion thereof.

The use of water and payment therefore shall in all respects be subject to the Rules and Regulations of the Authority now in effect or as may be adopted in the future.

During construction an existing water service can be used to supply temporary water to the construction site if the following items are met:

- 1) The responsible party /organization submit the appropriate documentation and pay all applicable fees.
- 2) A backflow preventer must be installed in compliance with AWWA M14-Backflow Prevention and Cross-Connection Control Recommended Practices and N.J.A.C. 7:10 Safe Drinking Water Act Rules.
- 3) The party/organization is responsible for making sure the curb stop is clear and accessible at ALL TIMES.
- 4) Additional requirements to be provided upon receipt of application form.
- 5) **The above must be inspected by SMCMUA.** Payment is required after inspection and application approval.

TO BE COMPLETED BY SMCMUA
